## Rodney Hogg

Rod is no run of the mill speaker, he has a dry sense of humor, very Australian, wouldn't you just like to know what went on in the dressing room all those years ago, or an insight to the players of the era.

Here is a sample of his wit.

"41 wickets in an ashes series at 12.85, a record that will never be beaten in Australia.

I should be known as a superstar.

There are only two things that stopped me from being better than Dennis Lillee, selectors and batsmen.

Book me for your next function because I tell it how it was. Short , fast and furious, and straight at the body". Rodney Hogg

Make your event special book Rod, you will not be disappointed.
